

# Guardian Angels for Life Cohort Prayer *for these End Times*

My dear Guardian Angel,  
with God's graces and blessings  
go forth this day to be at the side  
of all those who will die today,  
to inspire and encourage each one  
to accept the graces offered to them  
for their salvation, and to provide hope,  
support and protection in their final hours.

Go also to attend every unborn child,  
its mother and its father. Protect these little,  
innocent, defenseless ones, and inspire in the  
hearts of their parents loving tenderness and  
a profound awareness of the sacredness of  
all life, and most especially, remind  
them in Whose Image their child  
is so wondrously made.
